The 252nd issue of LINK is in your Inbox as we step into the New Year 2019 reminding us that the Diocese has launched into the twenty third year of its existence. Our Newsletter LINK is a humble media tool, simple in appearance and brief in its contents; but it keeps us 'linked' with each other. Today I am expressing my gratitude to those who help me launch LINK on the first day of each month, not an easy task given the many constraints I have! The two persons that I want to especially mention and thank are Fr. Pulinthanath the scribe of the Editorial and Fr. Prasad the designer of the Newsletter. They are the ones who have untringly supported me in this venture, month after month after month. I also thank the steady stream of Readers whose 'one liners' are a great encouragement. In the past year we succeeded in publishing the LINK on the first day of the month without a miss...and we shall do our best to keep the deadline in the coming year too!

Let me close with a few Inspirational Quotes for the New Year from 'A Network of Grateful Living':

Too often we underestimate the power of a touch, a smile, a kind word, a listening ear, an honest compliment, or the smallest act of caring, all of which have the potential to turn a life around. ~ Leo Buscaglia

Don't ask what the world needs. Ask what makes you come alive and go out and do it. Because what the world needs is people who have come alive. ~ Howard Thurman

I draw prayer round me like a dark protective wall; withdraw inside it as one might into a convent cell and then step outside again, calmer and stronger and more collected again. ~ Etty Hillesum

Dear Readers, I take this opportunity to wish you a Peace-filled, Grace-filled and a Joy-filled New Year 2019. God bless. +Lumen, CSC

As we step into another year, we thank God for His invaluable gift of 'time'. With each passing year we become more aware of its preciousness and join the Psalmist in prayer, “Make us know the shortness of our lives, that we may gain wisdom of heart.” (Ps 90:12)

The slight sense of confusion and uncertainty that we feel on occasions like this is perhaps not entirely ill-founded. The astounding speed, in which time passes by, makes us wonder if everything about us is game enough for the inexorable demands it makes on us.

And yet, beginnings are usually a lot less frustrating than endings, even if slightly more fear-producing, having to deal only with possibilities and not 'could have beens' that have vanished into thin air.

As a Diocese, we have now, for exactly 23 years grappled with possibilities on the one hand and little regrets on the other. It was on the 11th day of this month, 23 years ago that the Diocese of Agartala appeared on the ecclesiastical map of India. As we once again go past this milestone moment, we thank God that many things that were only possibilities once have taken on wings and become actual blessings.

The movement of 'time' reminds us that we also ought to move with it because 'catching up' is harder than we imagine. Our school days have taught us that. Remember those times we took some liberty and took things easy in the hope that we could later catch up with the rest, but found it wasn't easy at all? Time is a hard taskmaster, indeed.

23 years reminds us of 25 years. And we realize there's a Jubilee waiting in the wings. Another wonderful reminder of how swiftly the chariot of time flies past. The two year run up to the Jubilee gives us just enough time to make of the Jubilee a memorable milestone of growth and maturity as a Diocese.

As a Diocese we renew our trust in the One who guides us in our march towards destiny. We pray that He will accompany us and shower on us abundant blessings throughout the year ahead. Happy New Year!
